Pleasant weather and a good breeze from the South. The ship working to the South. At sunset we were between the islands of Gillolo and the N. End of Batchan.

Friday 24th

Last night we had a good breeze from the N.E. The ship starting up the straits. To day we have a light baffling wind. At sunset we were between the islands of Gillolo and the S.E. point of Batchan.

Saturday 25th

Breeze and a strong N.W. wind. The ship leaving S.E. for the passage. And at six P.M. we passed through between the islands Lookison & Po Gugas. We then steered S.E. W. for Manippa Straits.

Sunday 26th

We are about twenty miles from the North shore of Ceram with light baffling wind. No merchantmen in sight going to the Westward.

Monday 27th

Calm the most of the day. A strong current running to the Westward. One sail in sight.

Tuesday 28th

The current has taken us past Manippa Straits. But we have got a strong breeze from the S.E. We hauled on the wind and pitched in on the Island of Bociro halfway between the Dom and Tagella bay. We then commenced to beat for the Straits with a S.E. wind. Saw Sulphur bottom, plenty & three merchantmen.

Carried away the Westward 29th port Nam Ypsail sheet.

June Wednesday 29th 1864

Last night we had a breeze from the Southward and the ship went to the Eastward so that at daylight she was off Capella Bay. We then had the wind down through the Straits blowing strong. We commenced to work through and at sunset we were between the Island of Morupia and the East point of Boero. The wind then began to increase and at seven o'clock we single reefed the topsails and at a past seven we double reefed and at eight o'clock we furled the Mainsail. The wind still increasing and at a past nine the wind had increased to a gale. The Captain then said hard up and make sail and go round the Dome. Saw a Dutch Man of War pass down through the Straits.

Thursday 30th
At daylight we were about 13 miles from the Dome. Had light variable winds all through the day. Saw one Merchant vessel and a plenty of Sulphur bottoms trooping casks and filling them with salt water for ballast.

Friday 1st 1864
Great calm all through the day and some rain. Mending the Fore & Main top gallant sail. At a past four P.M. a light breeze sprang up from the S.E. The ship steering South Boero Dome bearing East 15 miles distant. One sail in sight N.E. B. plenty.

Saturday 2nd
Hazy weather and a strong wind from the S.E. The ship hauled sharp on the wind on the port tack heaving South and trying to keep up so to fetch Cimber Passage. But at 3 P.M. we took the sun and found that we could not hold on to fetch the passage so we squared the yards and shaped our course S.W. by W for Boaton Passage 140 miles.

39 the ship

July Sunday 3rd 1864
At daylight we raised the island of Wangarua
and ran through Baiton Passage with a strong
S. E. wind. At sunset we were off the South
point of Baiton steering West & North for
Salager Straits 140 miles distant

4th of July P. M. for dinner
steering West & North with a strong S. E. wind
At 9 A. M. we raised the island of Salager
and at one o'clock P. M. we passed through
Salager Straits and shaped our course S. by W
for Gapi Straits 180 miles distant
The crew employed in putting up preventer
backstays & setting up fil. guys

Tuesday 5th
Pleasant weather and light baffling winds
At 8 A. M. we raised the Island of Geononguppi
at the mouth of Gapi Straits At 1st past 3 P. M.
the wind was so light and so far to the Southward
that we could not fetch Gapi Pt. Therefore we
steered W. by W for Atlas Pt. One sail in sight

Wednesday 6th
Strong S. E. wind. The ship running down Gambau
shore to the Westward. Latter part of the day calm

Thursday 7th

for Atlas Pt. At 2 P. M. we past Great Island
and at 8 P. M. we luffed too at the entrance of
Atlas Pt. Saw 3 Merchantmen bound East

Friday 8th
Light baffling winds all through the day
We trying to get up through the Pt. and make
but very little progress. Saw 3 or 4 a plenty

July Saturday 9th 1864

Pleasant weather and a strong S. W. wind
We beeting out through the Rts with a fair
tide until $\frac{1}{2}$ past 2 P. M. We then dropped anchor
on Lombok about 13 miles to the Eastward
of the town of Balli. And at $\frac{1}{2}$ past 5 P. M.
the tide turned in our favor so we weighed
anchor and worked up the coast until dark
we then dropped anchor again in 17 fathoms
of water to wait for daylight.

Sunday 10th

At daylight we weighed anchor and stood up
in front of the town of Balli and sent a
boat on shore to get a few things for the Capt.
At 11 O'clock the boat came on board.
We then commenced to work out again with
a strong S. E. wind. At sunset we were
out all clear of the land and in the Indian
Ocean and steering S. W. Barqoash
We have all got quite enough of whaling in
the Malay Archipelago. We found it
very hard work and got but little oil. I don't
think Gooloo Sea will ever catch this child again.

Monday 11th
